AUS GÖTTINGEN

Dank für Friedland

Der Rektor der Universität Göttingen erhielt am 18. Januar 1946 folgenden Brief:

To :

Se. Magnifizenz, dem Rektor der Universität Göttingen.

During the last few weeks most excellent work has been done at Friedland Camp by volunteers of the students group of the University.

Would you please be good enough to convey to the students my deepest gratitude and thanks for their assistance, and please assure them that their help has been greatly appreciated by myself, the staff of the camp and the refugees.

In the most adverse weather conditions they have cheerfully and willingly carried out any task that has been given them and have thus contributed greatly to the success of the work in hand.

It has been gratifying to see everybody united in the great work of mercy of alleviating some of the misery and unhappiness that surrounds us today, and I am taking this opportunity of thanking some of those who have laboured so hard.

J. Oldham, Major
1002 Military Government Detachment

ASTA GÖTTINGEN

Der Friedland-Einsatz geht bis Semesterende in der bisherigen Form weiter. In den Ferien freiwilliger Einsatz. Meldungen bei stud.jur. Frege.
