Dear Willy,

.....  
.....

Hannover :

I do hope that you have now got your pass. Your "call forward" went up from here on the 22nd of Aug, and I am enclosing a copy of the certificate that I sent you, just in case the other one did not come through in time.

Plans are going smoothly with regard to the conference, and I hope to have the invitations out by Oct. 1st.

French Zone :

You will be interested to hear that Douglas Sowerby visited the French authorities in Baden-Baden, with a view to seeing if we could not help with IVSP schemes there. He had been encouraged to think that our assistance was not required, by the HQ (French) in Berlin. But a different answer was given by the officials on the spot, and possibilities of assisting there next spring were opened up. But it is worthy of note that they did say that application from IVSP to be allowed in the French Zone would come better from the French Branch of S.C.I. Douglas has suggested that I send in a copy of our application (which he sent to the French authorities in Berlin) in French to Pierre Martin. Or if I can't make a copy before, I'll bring a copy of it to Brussels with me.

.....  
.....

That's all for now.

Best wishes,

Basil
