Camp Commandant, Foreign Relations.

CONFERENCE OF TEAM MEMBERS PLANNING TO ORGANISE
INTERNATIONAL WORK CAMPS FOR GERMAN YOUNG MEN &
WOMEN DURING SUMMER 1947

It is planned to hold a conference at HQ 5 Vlotho on Wednesday, 14th May 1947, commencing at 9.30 a.m. where one member from each Relief team interested in organising in its area international work-camps for German young men and women this summer, is invited to attend.

The purpose of the conference, to which members of the Education Branch of the Control Commission are being invited, is to exchange information and plans for work-camps this summer, and to discover how far these plans can count on official support, particularly in the matter of bringing people in for short terms from abroad; of feeding these foreign people and of providing a certain amount of extra food for German participants. The incidental problems of leaders, of equipment, accommodation and extra German rations will also arise, and the wider possibilities of arranging for German volunteers to take part in international work-camps abroad, will be discussed.

In order to facilitate organisation, please complete the section below, tear off and return AS SOON AS POSSIBLE to Vlotho.

Basil Eastland

-
