Dear Herr Szymczak,

I was very sorry that owing to absence from Düsseldorf I was not able to come to the reception of your Ruhr-Group of the International Civil Service.

Naturally I have heard a lot about the praiseworthy work your camps have been doing at Mülheim-Ruhr and I am pleased to hear that your aims - international understanding through work and practical proof of citizenship - find such wholehearted support.

May I wish your work the full success that it deserves.

Yours sincerely

W. A. Bishop.
