3. "East-West" Sub-Committee :

The IC heard a report on the work of this Committee which had been encountering great difficulties and was not able to achieve any tangible results. The IC therefore decided : to ask the IS to write a letter of thanks and appreciation to Alice Brügger (the convenor of that Committee), expressing the desire of the IC to discontinue the Ctte. as such but inviting its members to continue their individual efforts and to be ready to come together again as soon as a specific problem arise or any sort of progress might have been achieved.
