#### 5. EAST-WEST

Etienne Reclus reviewed the steps taken to date in the hope of organising an "East-West" service, and stressed the importance of having as much contact as possible. SCI being one of the rare organisations which can help bridge the gap between East and West. Some members felt rather that our action should be limited to obvious instances of need for work camps, such as the natural catastrophes in Austria. Others felt it our duty as an organisation for "building peace" to seek out opportunities for healing the East-West tension. A joint IC / ISM meeting with Marie Morvan of the World Federation of Democratic Youth was confirmed for that evening. (See ISM Minutes)
