Herrn W. Rümpel  
Freie Deutsche Jugend  
Unter den Linden 36 - 38  
Berlin W.8.

Dear Mr. Rümpel,

I was very glad to meet our delegate in the DDR, Mr. Michael Holman, in Frankfurt last week. He informed of the arrangements made between FDJ and himself in the name of SCI concerning the East-West cam in Paaren-Glien. I have forwarded this technical proposition to the British Branch of SCI, which will be responsible for the preparation of this camp. Mr. Frank Judd, the General Secretary of the British Branch, will write to you in due time about this.

I take this opportunity to remind you of the proposition which I sent you in my letter of December 5th, 1962, regarding a slight alteration to our agreement of September 27th, 1962. Mr. Holman told me that you had agreed to this alteration, and that you would write to me to confirm it, but so far I have not received any such confirmation. Since the British Branch will not be in a position to start the technical preparation of the camp until I have received this confirmation, required by our International Committee, I should be most grateful if you would confirm your agreement as soon as possible.

Yours sincerely,

Roger Briottet  
European Secretary  
Service Civil International.

cc. IS, Br.br., M.Holman
