ITEM III EXCHANGE OF INFORMATION ON 1965 WORKCAMP PROGRAMME

.....  
.....

3.3 Additional information on Greece, Yugoslavia, Sutherland

.....

3.31 Yugoslavia :

It was reported that the Swiss branch is considering taking over the responsibility for several years for the organisation of short-term summer workcamps in Yugoslavia (A positive decision on this was made by the national (Engeres) Committee of the Swiss branch at its meeting on February 20th). It is hoped that at least one summer workcamp will be held in Yugoslavia (Primosten) this year, which will be organised in cooperation with the Esperantists. Friendly contact will be maintained with the UYY.

ITEM IV EAST-WEST PROGRAMME 1965

4.1 Camps in Eastern Europe

The ES gave a report on the action taken regarding SCI camps in collaboration with Eastern European youth organisations, and the exchange of volunteers with those countries, as decided as the last ESM in Marly, 1964

4.2 Camps in Western Europe

As already mentioned at the ICM/ESM in Marly 1964, the Austrian group is organising an East-West camp in Linz this summer. Eastern European volunteers will also be invited to normal camps.

4.3 Special arrangements for individual Eastern European applicants for camps in Western Europe (e. g. financial)

Branches were requested to indicate to the ES how much money they can make available to contribute towards travel expenses and pocket money for Eastern European volunteers wanting to participate in Camps in Western Europe.

4.4 Algeria

The ES gave a short account of the present situation of the joint project to be organised with the support of Jeunesse FLN, the Coordination Committee, and BITEJ this summer. As the project will take place in the framework of the Festival of Youth in Algeria, SCI participation in the project will probably be limited.

The contribution of the two Polish doctors (from OKWOMO) to the long-term medical work in Algeria was noted with great appreciation.
