16th March 1966

Jörg Dervedde,
An der Tiefenriede 30,
Hannover - Süd

Dear Jörg,

Thanks for your letter of the 15th, which has just arrived. Yes, we are very busy : Fay get's married tomorrow, and will take the afternoon off, so our timetable is disrupted !

Michael Holman telephoned yesterday. He is not sure about attending / organising the DDR Seminar - I have offered him some SCI subsidy for the travel costs, but his wife has exams and he is busy and he has family commitments, etc. He said he would write to you yesterday, so perhaps you have his letter. If he does not attend, he will make some notes for the organising and instructions to volunteers. This is good but I am still worried about getting enough speakers - in the past we have had several who live in Paris, and even if we could offer travel costs I don't think they could spare the time.

Regarding dates, we have only the CSSR and Hungary. You have the CSSR already. Hungary, the camp for boys only, is 7th - 20th August, Tata region. The dates for the girls-only camp have not arrived.

I shall let you know further information as soon as it comes. What is your address after March 30th, please ? I hope you feel better now, after your illness.

Greetings from Fay and me,
Amitiés,

Janet Goodricke

P.S. postcards do not travel as quickly as letters.
