Dear Karen,

Leader for group of SCI volunteers to Hornhausen

The passport number of the leader (John Stewart, British) is : 385160. Two photographs are enclosed, as requested.

Another volunteer, also British, by the name of Keith Bradshaw, has obtained a new passport with the number 149633. We are still waiting for the passport number of one of the West German girls, and will let you have it as soon as we can. Please excuse the delay !

We are now making arrangements for group travel to Marienborn, and will let you know the exact time of arrival soon.

For your information, a copy of the information sheet we have issued, based on the excellent paper sent by Miss Seifert, is enclosed. Please convey our thanks to her. I also enclose some of the printed literature of our German branch : the blue leaflet includes the Potsdam camp under "Daten aus der Geschichte des Internationalen Zivildienstes".

A senior member of our West German branch wishes to visit the Hornhausen project on the first or second day, with his wife, to see the work. They would travel by car from Helmstedt. Could you please let me know whether or not F.D.J. agrees to such a visit ? If you agree, we should be much obliged if you would write direct to our member confirming that you approve of his visit, together with his wife. Their names and address are :

Dr.-Ing. Hans-Ulrich Smoltczyk and Mrs. Barbara Smoltczyk, 2000 HH-Nienstedten,
