International Work Camp Mariánská

On the basis of a bilateral agreement the Student Council of the Central Committee of the Czechoslovak Union of Youth will organise in cooperation with Service Civil International a Work Camp in the State Institute of Social Insurance. The Camp will be organised from 6th August to 26th August 1967.

Basing on this agreement the Student Council of the Central Committee of the Czechoslovak Union of Youth will ensure in cooperation with the management of the Institute all preparation of the Camp in relation to accommodation, board, material etc. Moreover it will arrange also the participation of seven members of the Camp. The other party is expected to participate with eight camp participants, including a leader.

Conditions of participation in the Camp :

1. All participants will pay their travel expenses here and back.
2. The participants will be given no pocket-money.
3. Every member of the Camp will be able to work physically.
4. The participants will bring along an overall and certificate of non-infection.
5. The main official language will be English.

Location of the Camp :

Mariánská is a small village near to the western border of Bohemia in Ore Mountains. In the environment are the radium spa Jáchymov and the world-known Karlovy Vary / Karlsbad. The village has only several houses surrounded by forests, meadows, and picturesque valleys encircled by the peaks of mountains. The Camp is in the Institute of Social Insurance for defected children. In the Institute there are about 150 patient-girls. Some patients are physically developed people but mentally no the level of children. That is why it is necessary to inform about this fact the participants of the Camp so that they take the patient only as patients and not as growing or grown up women.

Project of the work :

The first task of the work in the Camp will be to concrete the path in the object. Up to now, in unfavourable weather, especially during autumn rains and spring, this path does not allow to enter the Institute. The second is the construction of a garage and eventually a fence around the Institute. In unfavourable weather conditions are prepared work arrangements inside / painting, arrangement of rooms etc. In this part of Bohemian border area is a great shortage of manpower, so that without the help of the Work Camp it would not be possible to realize this necessary work. This is why already the second year will meet here young people from the whole world for a joint work with the aim to improve the living conditions of patients, for their whole life.

Programme :

Working hours per day - eight, with five working days per week. For free days are planned excursions in the surroundings, visit to a glass factory, visit to neighbouring spa etc. After the working hours and in the evening the joint programme will include free discussions and lectures as well as amusement with music and dancing. Financial means, gained by the work of participants will be used to cover board, accommodation and programme during the Camp as well as after the end of the Camp.

Accommodation :

Accommodation will be in the main building of the Institute, in two large and bright rooms. Hygienic equipment, bathrooms and showers are obviously at disposal.

Board :

The dishes be served three times a day in the dining room of the Institute, serving at the same time as a social room. Kitchen utensils and dinner-sets as well as blankets and sheets will be borrowed from the inventory the Institute.

Notes :

The participants of the Camp should take along Overalls, rain coats, rubber shoes, cap and eventually sweater. Musical instruments, cameras, song-books etc. are suitable too.
All participants are ensured by the Youth Travel Agency for the sake of sickness or accident.

Address :

Ústav sociální péče pro mládež
Mezinárodní budovatelský tabor
Mariánská, okres Karlovy Vary, ČSSR

Please send us the list with names and addresses of all volunteers till the end of May. This will facilitate our work.
